## Once we are appointed as Receivers

1. As receivers we shall ascertain what the prospects of the business are and decide whether to sell some or all the assets, or to continue to trade whilst a better deal could be achieved.
2. Execute our role as fast as possible.
3. Start implementation of our plan of action keeping all deadlines
4. Comply with the rules and regulations as stipulated in the Companies Law Act, Cap.113
5. Deliver results in order to "delight" our creditors, not only to satisfy them.
